FISCAL COURT OF LYON COUNTY PUT UP TWO THOUSAND

To Help Out in Compromise of Damage Suit Against Alleged Riders

Lee Baker Birmingham Raid Case.

CALLED IN FEDERAL COURT.

The case of Lee Baker against alleged Birmingham raiders for \$25,000 damages was called in federal court this afternoon. The Scruggs family, who also sued for damages, are quarantined with smallpox in Metropolis, Ill., and their cases are continued. A long list of defendants, who are dismissed, having settled with the plaintiffs, was filed with a motion of dismissal by the plaintiffs this afternoon.

It is reported today that \$2,000 of the \$9,500 paid for the dismissal of Lyon county defendants in the Eddyville, View and Dycusburg cases, was raised at a meeting of the fiscal court of Lyon county. The statement came straight, and although County Attorney Krone, of Lyon county, said he was not present at the meeting, he did not deny that he had heard of the matter.

Lyon County Defendants.
All the Lyon county defendants in the Eddyville, Dycusburg and View road cases were dismissed on payment of \$9,500. This leaves only two association officers and Trigg county defendants in the cases. The Lyon county defendants were:

P. H. Grimmes, Charles Gresham, J. M. Gray, Levy Oliver, R. T. Gray, Edward Gray, H. L. Coleman, C. R. Banister, Lee Gray, C. C. Butts, W. H. Banister, James Titts, Oll Titts, C. W. Europeans Killed.
Beirut, April 20.—Confirmation of the report that several Europeans were killed in the Adana massacre was received from Mersina, where 500 men landed from the British warship. The commander of the fleet says 1,200 people were slain at Adana alone. Several Europeans were in the number.

Ready to Enter.
Salonica, April 20.—In hope of averting a battle in the streets of Constantinople, Young Turks today are delaying entrance into the capital.

Morning Session.
Prospects are that the session of federal court will close this afternoon, though it may take part of tomorrow morning to wind up the business. Court convened this morning and the case of Rosser P. Birdsong, doing business under the firm name of Birdsong & company, of Philadelphia, against the American-German National bank, was decided in favor of Birdsong and a verdict of \$2,241.16 was given. The suit grew out of the sale of a carload of peanuts and the payment of it by draft.

Answers to Night Rider Suit.
Answer to the night rider suits were filed this morning. T. G. Holman and Sam Boyd, two defendants in four damage suits, filed a petition denying that they were members of the tobacco association, that they were members of the night riders, or had any part in the raids. The two defendants have engaged attorneys and will fight the case.

The jury in the case of Harth Brothers Grain company against the Nashville, Chattanooga & St. Louis railroad company returned a verdict for the defendant. The suit was brought over the contention that the railroad company agreed to sell a

Abdication of Sultan is Expected Momentarily, Because Young Turks Have Sufficient Force to Compel

All Precautions Taken By Advancing Forces To Arrest Battle in Streets of Turkish Capital; Already at Outskirts

Constantinople, April 20.—Grand Vizier Tewfik Pasha is reported to have resigned and is now conferring with the sultan regarding the city's surrender. The abdication of the sultan is momentarily expected. Representatives of young Turks are said to be at the palace waiting the sultan's decision.

The sultan is trying to induce Hilmi Pasha to resume grand viziership as the token to Young Turks of his willingness to make concessions. Hilmi, named by the Young Turks, held office until the last week's uprising. He announces he will not resume the office until the Young Turks resume control of the government.

Wants Assistance.
Philippopolis, April 20.—The sultan is asking Germany for assistance. He is pleading past favors to Germany and it is believed he has offered concessions if it will come to the rescue. He will try to stave off surrender to the Young Turks until he hears from Berlin.

Missionary Killed.
Washington, April 20.—It is stated in a dispatch from Teheran received at the state department today that foreign consulates at Tabriz are threatened by a starving mob. Consul Doty telegraphed the legation at Teheran the American missionary at Baskerville was killed in battle this morning.

American War Ships.
Washington, April 20.—Armored cruisers, North Carolina and Montana, have been ordered to proceed to Alexandria, Turkey, with all possible speed. They were ordered to report to the American consul for the protection of American residents. The squadron is under command of Captain Marshall, of the North Carolina. Conditions are reported as alarming.

Europeans Killed.
Beirut, April 20.—Confirmation of the report that several Europeans were killed in the Adana massacre was received from Mersina, where 500 men landed from the British warship. The commander of the fleet says 1,200 people were slain at Adana alone. Several Europeans were in the number.

Salonica, April 20.—In hope of averting a battle in the streets of Constantinople, Young Turks today are delaying entrance into the capital.

Heath Will Get County High School According to Recent Legal Opinion
In about two weeks, S. J. Billington, county school superintendent, will call a meeting of the county school board for the purpose of selecting a date for the beginning of work on the new county high school at Heath as well as arranging for plans and specifications. Professor Billington has received word from State Superintendent Crabbe that the locating of the first county high school at Heath was valid, as he says an opinion has been handed down that the school may be located outside the county seat, provided there is already a high school located in it.

The citizens of Heath are jubilant over the school, and about \$2,000 has been subscribed as a bonus to assist in erecting the school while six acres of land has been donated as a site for the school.

At the next meeting of the county school board, and that the plaintiff purchased grain, and had no place to store it when the elevator was no built. The railroad company deny that any such contract was made.

The case of Florence Galvin, administrator of Mike Galvin, against the Nashville, Chattanooga & St. Louis railroad was called this afternoon. Galvin was an engineer on the railroad, and was killed in a

Probably No Arrests
Oklahoma City, April 20.—The feeling at Ada, the scene of the lynching yesterday is quiet this morning and probably there never will be any arrests.

Haskell Cases
Tulsa, Okla., April 20.—Authorized by the United States attorney-general, District Attorney Gregg today asked for a special grand jury of sixteen men, made up from the old western district of the Indian Territory to re-investigate the cases against Haskell, and others, accused of town let results in March.

Beach Hargis Case
Irvine, Ky., April 20.—(Special.)—Judge Adams this morning overruled the motion for a continuance in the Beach Hargis case, charged with murdering his father. The case proceeded immediately.

Cloudy
Cloudy with unsettled weather occasional rain, not much change in temperature. Highest temperature yesterday, 75; lowest today, 47. Rainfall 0.05 inches.

REPEAL TOBACCO TAX WOULD CAUSE FEDERAL DEFICIT

Treasury Department Says in Protest Against Six Cent Reduction

Daniels and Stone Speak on Tariff Bill.

LATTER ABOUT PHILIPPINES.

Washington, April 20. (Special.)—The treasury department has filed a strong protest against the removal of tax on leaf tobacco. It claims it would cut into the internal revenue between \$5,000,000 and \$15,000,000 yearly.

Stone for Filipinos.
Washington, April 20.—Senator Stone today in his speech opposed the tariff proposition, limiting the amount of sugar which may be bought in the United States yearly from the Philippines. He said the national honor is pledged to a policy eventually enabling Filipinos to establish for independent government.

Daniel's Statement.
Washington, April 20.—Senator Daniel, senior member of the minority of the finance committee, stated the position of the Democrats on the tariff bills. His opening was a declaration to the effect that the Democratic members of the committee had been ignored in the considerations of the tariff bill. This he did not consider good or fair government and again complained of the treatment accorded the minority.

Convert Saves Him.
Briggs was held in bonds of \$100 in police court after proof was offered to show that he stole three cheap atomizers from a Bowery drug store yesterday. The prisoner had no money and was about to be locked up, when Walter Mayer, chief postal inspector of this district, arrived in an auto and put up cash bail and took the pitiable wreck of a once brilliant minister away with him.

Memphian's Deed
Memphis, April 20.—Howard S. Deeson, a prominent farmer, brother of the county coroner, nine miles east of here, fired three bullets into his wife's body at such close range early this morning that her clothes were burning when neighbors found the body. A Memphis police posse is searching for the slayer.

Senatorial Debate
Calvert City, Ky., April 20. (Special.)—To a large audience John Moore, of Ballard county, Judge E. Harry and J. B. Wyatt, of Marshall county, spoke this afternoon. It was the last appointment of the speakers during the campaign for the senate, and they mixed it up lively. W. V. Eaton, the fourth candidate, was not present. From now until Saturday the candidates will scatter over the district, each working on uncertain precincts. Yesterday the three candidates addressed a large crowd at Wickliffe. The fact that it was court day, and that a bank robbery case will be up for trial, drew many voters.

Mr. Eaton was engaged at federal court.

Bandana Robbery Case.
Wickliffe, Ky., April 20.—(Special.)—Both sides announced ready this morning when the cases of John Bulger, Ernest Elmdorff, Will Hays and Sam Everts, charged with robbing the Bank of Bandana, were called. Separate trial was asked, and the case of John Bulger was elected for the first trial. Before a jury could be selected the regular panel was exhausted, and Judge W. J. Buggs, passed the case until tomorrow morning so that the sheriff may summon another venire. Large crowds are present to attend the trials.

Turkish Prince Killed.
Smyrna, April 20.—Kopasis Effendi, Turkish prince of Samos, has been assassinated, according to a dispatch received here today.

Johnson's Plan IS NOT ADOPTED BY FISCAL COURT
It was announced this morning by County Judge R. T. Lightfoot that bidders on the Clark's river bridge can furnish their own plans for the bridge. The fiscal court last Saturday adopted the plans of Bert Johnson, a bidder and formerly county road supervisor, and it was agreed that all the bids were to be for the bridge proposed in Johnson's blue print. Now, it appears that the plans of each bidder will be considered and that the members of the court will select the best bridge in consideration of the cost. The action probably will result in more bids and plans being placed for the construction of the bridge.

Two Are Dead AT LITTLE CYPRESS; AGE AND INFANCY
Little Cypress, Ky., April 20.—W. N. Smith, 56 years old, a retired merchant, died this morning at 8 o'clock after a long illness of liver trouble. Mr. Smith had been confined to his bed six months, while his illness for a year had been serious. For many years he kept a general store, but retired several years ago. He leaves six sons and one daughter, Mrs. B. Hays, of Chicago, but formerly of Paducah. He was a member of the Christian church. The funeral will take place tomorrow afternoon with burial in the Baptist cemetery. The Rev. J. M. Pace will conduct the service.

James Estes All Right
In a letter, which was mailed at Cairo, Ill., James Estes, the missing 15-year-old son of Mr. and Mrs. James Estes, 1739 Harrison street, advised his parents not to worry. Estes wrote that he was running on a train in Illinois, and that he was doing well. It is presumed that he is a news-butcher. The receipt of the letter put an end to the search for the lad by the police.

Rev. G. W. Briggs is Arrested in New York While Trying to Pawn Few Pennies Worth Stolen Property

Prominent Doctor of Divinity and Lecturer Wanders into East Side Rescue Home for Drunkards.

New York, April 20. (Special.)—The Rev. George Waverly Briggs, 58 years old, was arrested on a charge of being a suspicious person while trying to pawn for 30 cents a number of articles sold in drug stores, and spent the night in a cell. He said he did not know where he got the articles and that he was trying to pawn them because he was hungry. The police found the store from which they were taken but do not know how he got them. The minister's family insist a mistake has been made.

A Mrs. Wilson, claiming to be his sister-in-law, said he disappeared from her home four days ago. Beyond saying that he had been a well known Methodist minister in the south, his family would say nothing, except that his mind had given way from worry and he came to New York for his health.

He had a reputation, they said, as a lecturer. The Rev. Mr. Briggs said he was born in Alabama and had lately been in a sanitarium, but he did not remember where.

Some months ago a ragged wanderer entered the McAuley Mission Home for drunkards in the heart of the east side dive section. He proved to be Briggs. He was fed and cared for and made a confession, saying he had been in the gutters for months. He reformed and was given employment doing mission work. His family subsequently joined him and now are living in a cottage in the Bronx.

Normal Architect
Captain B. B. Davis, formerly of Paducah, designer of the High school and the Fraternity building, has been chosen architect of the Western Kentucky normal at Bowling Green. The total contract will amount to about \$800,000. Captain Davis now lives in Louisville.

James Estes All Right
In a letter, which was mailed at Cairo, Ill., James Estes, the missing 15-year-old son of Mr. and Mrs. James Estes, 1739 Harrison street, advised his parents not to worry. Estes wrote that he was running on a train in Illinois, and that he was doing well. It is presumed that he is a news-butcher. The receipt of the letter put an end to the search for the lad by the police.

Johnson's Plan IS NOT ADOPTED BY FISCAL COURT
It was announced this morning by County Judge R. T. Lightfoot that bidders on the Clark's river bridge can furnish their own plans for the bridge. The fiscal court last Saturday adopted the plans of Bert Johnson, a bidder and formerly county road supervisor, and it was agreed that all the bids were to be for the bridge proposed in Johnson's blue print. Now, it appears that the plans of each bidder will be considered and that the members of the court will select the best bridge in consideration of the cost. The action probably will result in more bids and plans being placed for the construction of the bridge.

Two Are Dead AT LITTLE CYPRESS; AGE AND INFANCY
Little Cypress, Ky., April 20.—W. N. Smith, 56 years old, a retired merchant, died this morning at 8 o'clock after a long illness of liver trouble. Mr. Smith had been confined to his bed six months, while his illness for a year had been serious. For many years he kept a general store, but retired several years ago. He leaves six sons and one daughter, Mrs. B. Hays, of Chicago, but formerly of Paducah. He was a member of the Christian church. The funeral will take place tomorrow afternoon with burial in the Baptist cemetery. The Rev. J. M. Pace will conduct the service.

LOEB OFFERED BRIBE

SMUGGLING SYNDICATE WOULD PAY \$200,000.

"Sleeper" Trunks Containing Paris Gowns For Prominent American Women Seized.

New York, April 20.—The smuggling syndicate who first offered Collector of Port Loeb \$100,000 to drop the government's investigation of smuggling "sleeper" trunks containing \$55,000 worth of Paris gowns, today increased its offer to \$250,000, according to Loeb. All offers have been refused.

Loeb's investigation so far shows that the smuggled gowns had been made in Paris by a famous designer, for many women of exceptional social prominence at Boston, New York and Washington, and the reason for offering such a large sum to suppress the investigation was to shield these women from the unpleasant publicity threatened by the coming disclosures.

The collector does not believe these women knew that their gowns were to be smuggled into the country, but had purchased them like many Americans buy other goods abroad, with the understanding that they were to be delivered to them in America "duty paid," or "duty free."

This saves the purchaser all customs. Collector Loeb will sell the seized gowns at public auction next month.

Fine Bill at Star Theater

That's a fine bill at The Star this week. Five big acts and not a dull line in the whole performance. It's well worth seeing and the large crowds which attended the initial performances yesterday were well repaid indeed.

This week's bill is an ambitious one in every respect, comprising as it does some splendid acts. The Lola Lea Earl Comedy Co., in their clever little playlet "Aunt Hannah's Visit" made an instantaneous and well merited hit.

The Brams, in their big musical feature act were very entertaining and sustained fully their splendid reputation on the larger vaudeville circuits.

Pedora Ragone, Arthur and Jeanet and Kirkland & Kirkland are the other features which are regaling amusement seekers and they're good—very good indeed.

There are some fine new pictures also, selected with Manager Farrell's usual good taste.

MINISTER TO KEEP PULPIT.

Rev. Lappin Preaches at Lexington Under Court Order.

Lexington, Ky., April 20.—After repeated efforts on the part of certain members of the congregation of the Erlanger Christian church to have Rev. S. S. Lappin removed as pastor of the church, the latter delivered the regular Sunday morning sermon, and unless some further grounds are brought forth by the congregation he will continue as pastor of the church, on an order issued Saturday by Circuit Judge Harbeson of the Kenton county court. After Lappin refused to resign, three members of the church filed suit, asking that he be enjoined from acting as the pastor and to permit the opposing faction to have the church, in which to have another minister hold services. Judge Harbeson decided, however, that the contention of the faction opposing Rev. Lappin was not made in good faith, in that it was not made by a very large part of the congregation.

NEW PROCESS

PRINTING ON GLASS KNOWN TO MR. E. E. OWSLEY.

Experienced Man Has Taken Charge of Sun Job Office and Will Please Patrons.

E. E. Owsley has taken charge of the job department of the Sun and in future will take pleasure in talking plain and handsome printing to merchants, manufacturers and others interested in such work.

Mr. Owsley was for some years at Owensboro, where he won more than a state reputation for clean, plain work, and especially for fine booklets, catalogues, novelties and pleasing color combinations. Some of the best engravers of the country have had him run their plates for samples. He has given a great deal of study and attention to the different kinds of printing plates and from this study and long experience in running is prepared to make valuable suggestions as to what sort of cuts are best suited for different purposes and what sort of copy is best for making them.

Mr. Owsley is interested in a process for printing on glass on the reverse side which has attracted a great deal of attention where shown. There are to date two machines in the patent office for doing the work by this process, one of which prints from any type or plates used on any printing press, and on any thickness of glass and the other a portable machine for doing the same work on glass doors and windows. The work may be done in black or colored inks or bronzes or in gold or any other metallic leaf.

Mr. Owsley will be glad to call and talk any kind of printing and any time.

Vandal Will Be Arrested.

Prosecutions will follow the defacing of the walls of the Union station, and the officials of the railroad are hot after the guilty parties. It is intended to make an example of one or two persons, and on any thickness of the walls will be ceased. Painters are at work at the Union station, and almost before the paint had dried on the walls of the smoking room two names with addresses had been written. These have been taken up, and warrants will be sworn out. The law prescribes a penalty of \$5 to \$50.

Size of Loaf Cut.

Des Moines, Ia., April 20.—The Des Moines bakers today cut the size of wheat bread loaves from sixteen to thirteen ounces. This move is due to the rise in the price of flour.

WASHINGTON NEWS

(Continued from page one.)

shall also vote to lift every burden of taxation off the people that can be eliminated with just regard to conditions in which we legislate.

"I would conserve and not destroy any of the plants and industries which raise by reasonable taxation the revenue which we need. If we do not do this and are won away from it by the fascination of the word 'free,' we will find ourselves in a quandary of deficits, with interest bearing bond issues quick upon their heels. Our declaration and conditions alike require something more than this."

"We have declared for a material reduction of the protective tariffs. No more would be possible without the declaration, and no more is possible with it. When a great and widespread system has been established for years all over the country, we can not leap out of it by one spring at all, we go down one step at a time as we went up."

"We must respect labor. The parties have been both willing to add to the tariff differences in cost in European countries and such tariff would not oppress the American people but conserve the interests of all. The farming and mechanical classes would both share in the benefits, for it would furnish cheaper necessary utensils for the farmer."

In commenting upon the increased expenditure of the government Daniel declared that militaryism had been responsible for a large part of the excessive appropriations and quoted Tawney's remarks in the house respecting part of the military expenditures in causing the deficit in the financial affairs of the government. Alleging that there were inequalities in the tariff bill Daniel said that while Connecticut leaf tobacco was

cared for, tobacco in Virginia, Kentucky and Pennsylvania were left off the schedules. The farmers of the country, he added, were taken care of to a less extent than any other class of American citizens.

Speaking of the night riders in Kentucky, he said that while he had no sympathy with any lawlessness, it was well, always, when there was lawlessness, to look to its cause, which in this case he intimated might be found in the injustices inflicted upon the farmer classes by the favored interests.

At the conclusion of Daniel's remarks, Aldrich sent to the clerk's desk a copy of the senate debate held Feb. 21, 1894, in which Senators Voorhees and Vest had defeated the Democratic procedure in framing the Wilson bill to be reported to the senate without the participation of the Republican minority.

Upon the motion of Aldrich the bill was made the unfinished business of the senate.

Root May Lead Onslaught.

A determined effort will be made at the proper time by the antagonists of the Aldrich tariff bill to put through the senate a resolution sending it back to the finance committee. With instructions to make sweeping changes in it. The men in charge of this movement are not prepared as yet to announce positively their program. They do not care to draw unnecessary fire, but they believe that to proposal to send it back to the committee will get their case before the country more effectively than in any other way, and they feel that nothing less than a complete overhauling with a definite policy to guide the process will serve their purpose.

The object of such a proceeding is to compel more effective downward revision and report is that no less a person than Elihu Root is among the senators relied upon to assist in such an effort if the necessary strength shall appear in sight to carry it through.

Another Joker Discovered.

Another joker has been added to the many so-called "jokers" in the senate tariff bill. This one relates to linoleums, oilcloths and similar floor coverings. The joker is said by those who discovered it to lie in the change of the standard measurements, the cloths being taxed or classified according to measurements in square yards. There is a specific and an ad valorem duty on these goods, but it is figured out that the cost to consumer will be greatly increased by the proposed new rate fixed by measurement. In other words, the most expensive grades, of which there is comparatively a small importation, will pay duty at about 48 per cent, while the cheapest grades will pay 98 per cent. The 1906 importations, upon which the Payne bill is based, were \$750,000 worth of the lower grades of linoleum under 12 feet, while of the higher grades under 12 feet, the

portations were only \$60,000.

The Dingley law established the rate on all sizes under 12 feet. The Payne bill lowered this to 9 feet, but in the house a committee amendment, offered by Mr. Payne, who made a speech in support of it, raised the limit to 11 feet. The Aldrich bill restores the 9 feet originally fixed in the Payne bill.

Want War Balloons.

Washington, April 20.—General Allen, chief of the signal corps of the army, will make another attempt to secure from congress a half million appropriation for establishment of aerial divisions. Money may be developed for the purchase of dirigibles and the erection of plants for their maintenance.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with, some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S.A. Williams, R.F.D. No. 14, Box 39, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation. I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Daily Thought.
"It is not how much we have, but how much we enjoy, that makes happiness."

In justice to the writer of "Spectator" in the Saturday Evening Sun the management of the paper does not consider him an anonymous writer; but as a free lance he is a member of the staff, contributing his views and observations on local affairs, distinct from the policy of the paper, and willing at all times, so far as we know, to be criticized by those who take issue with his views.

SENATOR ALDRICH TO THE RESCUE.

Senator Aldrich, whose committee reduced the Payne schedules back to the Dingley rates, and then proudly said, "see how we have cut down the duties on necessities," makes a characteristic defense of the bill in the senate. Extravagance is his theme. He says the government has added too many new bureaus with extra employees. Pressed for examples, he, no doubt, would turn to the executive department, and show how the department of justice has squandered money prosecuting rebating railroads and monopolistic trusts; to the interior department which has robbed the tax payer running down timber and mineral thieves, and squatters on the public domain; to the interstate commerce commission which has put the government in straits with its investigation of freight rates and shipping facilities.

We know that Senator Aldrich has two things in view: to maintain the tariff for the benefit of the traffickers in articles, and to cripple the executive department in prosecuting predatory trusts. We could not by any stretch of the imagination conceive of Mr. Aldrich denouncing the senate naval committee, which divides millions of loot between a dozen navies that are inaccessible; but we could conceive of his smothering the efforts of the great inland valley to get an appropriation for year round water navigation of the Mississippi system. He might even think too much money is being spent on the Panama canal, but he will never lift his voice in behalf of a contract for carrying the mail, which will save a deficit in the postoffice department for congress is at fault here.

Senator Aldrich, intellectual giant that he is, represents all that is worst in American politics in the last 20 years, the culmination of an age of materialism, that must pass away if we would save the country.

PURITY IN POLITICS DESIRED.

In an editorial comment a contemporary says:

"Too long indeed has political trickery been allowed to enter into the sanctity of the ballot.

"Purity in politics is to be desired above all things, and the sooner this desirable base of operation is reached the better will it be for all parties concerned."

"We need men in public life who are there for other than selfish reasons; men who look upon their duty as public officials as something more than a mere stepping stone for their own advancement."

which to seek other vantage ground to political progress.

"The public should be brought to a realization of the need of sincere and honest men in public life; men who have a duty to perform and the personal character sufficient to realize the importance of that duty.

"Purity politics and the first step will have been taken toward bringing about the desired end."

The foregoing is a suave mixture of hypocrisy and rot; because the paper that said it, will support any kind of a man, its party puts out, and denounce anybody, who scratches the ticket.

Party in politics is not an end in itself. The end aimed at is good government. Good government is best served by electing good men. In order to get the best men, voters will have to learn to vote for the best men, regardless of their party affiliations. The mugwump must be the salvation of this country.

THE MINUTE MEN OF MODERN AMERICA.

Although reporters in their readiness for emergency may be likened to the "minute men" of revolutionary days, we do not carry the analogy to the extent of the News-Democrat. Minutes of public meetings are brief data, confirming the result of the meeting, without details of how those results were reached, or the motive behind the methods. The public is entitled to know how each public servant at the meeting conducted himself, his relations to the subject under discussion, and what is involved in the subject matter. None of this important data, by which the public judges its servants, can be found in the minutes, nor should the public be compelled to rely always on the word of mouth of those servants as to what and why and how they did.

That is why the Sun, always sends reporters to public meetings. The Sun believes the newspaper is for the public and not for party or the officeholder. The Sun has full confidence in the accuracy of its reporters, although the News-Democrat says it relies on the minutes for its reports. To quote it exactly it says: "We are publishing a newspaper and in doing so a reporter can't waste his valuable time at some unimportant meeting." Just how important a meeting is, which involves the possible expenditure of from \$30,000 to \$50,000 of the people's money, we leave to the people themselves to judge.

SOME STORIES AROUND TOWN

It is surprising to note the queer excuses given by purchasers of articles, when requests are made for their return and a demand made of the money back. An example of what the clerks of the department stores have to contend with is given:

"Will you not take back this lamp?" Inquired an elderly woman. "My husband bought it at this store and gave it to me for a birthday present, but I do not like it at all. It is too close a resemblance of him."

"Why, how is that?" asked the surprised clerk. "Well, it has a good deal of brass about it. It is not remarkably brilliant, it requires a good deal of attention, is unsteady on its legs, flares up occasionally, is always out at bedtime, and is bound to smoke."

The woman got her money without another word.

GOOD ENTERTAINMENT AT THE KENUCKY

The summer season at the Kentucky opened under the management of Col. M. J. Farnbaker Monday night with one of the best vaudeville bills ever seen in Paducah. The large playhouse was well filled and the quality of the entertainment offered was shown by the loud and frequent applause.

The entertainment opened with a first-run motion picture, followed by Miss Cleone Pearl Fell in a clever monologue sketch.

George Smedley, the "King of Banjos" was next and he did things with banjo, mandolin and guitar which have not been seen here since Polk Miller's last visit.

Bert E. Melbern, the "Chocolate Drop" in a laughable black face monologue delighted the audience with a flood of bright, new witticisms; note that word "new."

Hazel and Hawkins, in their comedy sketch "Taming a Title" evidently did their taming to the entire satisfaction of the big audience for their entire act was one gale of merry laughter. For a twelve year old, Miss Hawkins was great.

In "Johnny's Visit", Royer and French did some excellent singing and dancing for a very appreciative audience. It was a source of regret to her many friends that Miss Nettie S. Farnbaker was unable to sing last night, owing to extreme hoarseness.

It was a solid hour and a half of clean, wholesome amusement and Col. Farnbaker was the recipient of many hearty congratulations.

ACTRESS REFUSED DIVORCE.

Nevada Courts Will Not Separate Virginia Harned and Sothern.

Reno, Nev., April 20.—Virginia Harned was today refused a divorce from E. H. Sothern, the court filing an elaborate opinion dealing with the question of the residence of the litigants and holding Miss Harned not to be a bona fide resident of this state.

"Rich Church of the Poor People."

New York, April 20.—"The rich church of the poor people" is Rev. Dr. William T. Manning's characterization of Trinity. This epitomizes the answer that he made from the pulpit of the church today to the charge that Trinity is a rich man's church and has no concern for the poor. Dr. Manning declared that the campaign against Trinity had been one of misrepresentation and disstatement, instituted chiefly by meddlers who lived outside the parish and had no voice in its affairs. m123456 123456 12333

D. A. R.'S MEET AT WASHINGTON IN CONVENTION

Washington, April 20.—Music, patriotism, oratory and harmony were the dominant features of the first day's session of the eighteenth continental congress of the National Society of Daughters of the American Revolution, Continental Hall, although used on former occasions, was informally dedicated and presented a handsome appearance in its almost completed shape.

With interest at fever heat over the impending election of a successor to Mrs. Donald McLean, of New York, the retiring president-general, the Daughters swarmed into the great auditorium in such numbers that many were compelled to content themselves with standing room in the lobby and exhibit halls. The two contestants for the chair to be made vacant by the retirement of the present president-general, Mrs. Matthew T. Scott, of Illinois, and Mrs. Wm. Cummings Story, of New York, occupied conspicuous seats in the hall.

On the platform were Vice President James S. Sherman, Ambassador Jusserand, of France, Judge Henry Stockbridge, president-general of the Sons of the American Revolution, Bishop Harding, of Washington, Rev. T. Nevitt Steele, of New York, Rev. Roland Cotton Smith, of Washington, John W. Foster, former secretary of state; Brig.-Gen. John M. Wilson, U. S. A., retired.

Tribute to Mrs. McLean.

When all were seated a trumpeter stepped to the front of the platform and heralded the approach of Mrs. McLean, who was preceded by a number of charter members of the organization. She was accorded an ovation, the Daughters all standing and clapping their hands. Politics for the time being were set aside and the approaching battle of the ballots for her successor apparently was forgotten in the single idea of paying homage to one who had served them so long and well. This demonstration visibly affected Mrs. McLean.

Immediately after the scriptural readings by Mrs. Esther Prothingham Noble, the invocation was delivered by Bishop Harding. Mrs. McLean in her address of welcome made it the occasion for a farewell talk. She reviewed the work of her administration as well as the growth of the organization during its eighteen years' existence, and proudly pointed to the handsome structure as a monument not only to the heroes whom they honored, but to themselves.

Many of the audience were moved to tears when the retiring president-general told that she loved the service she had performed, and loved them.

INEFFICIENCY IS CHARGED.

Former Officer Scores Revenue Cutter Service.

Washington, April 20.—T searchling investigation of the revenue cutter service will probably be the outcome of the charges of inefficiency that have been filed with Secretary MacVegh by James A. Burns, formerly a lieutenant and engineer officer of the service. He charges that the service is not properly equipped to carry on the work of life saving; that the officers have frequently refused to move to the rescue of sinking ships until ordered to do so from Washington; that the service exists without reason in that the insignificant duties performed do not warrant the large appropriations made for its maintenance, and, finally, that the work of protecting the seals in Alaska from year to year is practically nothing but the protection of the business of the American Commercial company, a private corporation.

SENATOR DEPEW 75 FRIDAY.

Three Days' Festival to Celebrate the Birthday Anniversary.

Washington, April 20.—The 75th birthday of Senator Depew, which falls on next Friday, will be celebrated by a three-day festival.

The birthday dinner at the senator's own home, a feature of Washington's spring season ever since the coming of Mrs. Depew to Corcoran house as a bride, is a party entirely of the hostess' own selection.

Sensor Depew will be the guest of honor Saturday night at a dinner given by the Railroad Men's club at DeMouco's. The third function will be the nineteenth annual dinner

in honor of Senator Depew at the Montauk club, Brooklyn, Monday, April 26.

ENCOUNTER WITH A LION.
Hunting Adventure That Came Near Costing a British Officer His Life.

Lieut. G. S. Anderson, Eighteenth Hussars of Dawlish, who has been attacked to the intelligence department, is suffering from blood poisoning, the result of mauling received a lion a month or six weeks ago on the borders of Somaliland and Abyssinia.

In company with a native servant Lieut. Anderson went out for a day's shooting. Finding a lion at short distance he fired and the shot grazed the animal's skull, slightly wounding it. The infuriated beast leaped upon the officer, throwing him to the ground, and bit him through the knee just as he fired a charge from his double barreled sporting rifle through its head. The animal continued to claw and bite him, while Lieut. Anderson, fighting for his life, clubbed the lion with the butt end of the rifle. All the while blood was streaming from the wounds of the lion, which was of unusual size.

The native servant, although practically unarmed, rushed to the aid of his injured master, and at length the animal, exhausted from the loss of blood, slunk away, leaving Lieut. Anderson almost overcome and in a very precarious condition. Subsequently the lion was found dead a little distance from the scene of the encounter. The injured officer was conveyed to the coast and at Aden embarked for London, where he will be treated in a hospital.—London Daily Mail.

Capital formerly invested in building at Messina is calculated at about \$16,000,000, at Reggio at \$10,000,000. The greatest portion of this is irretrievably lost.

BAD DREAMS

Indicate Improper Diet, Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that spoil what should be restful sleep. A man who found the reason says:

"Formerly, I was a slave to coffee. I was like a morphia fiend, could not sleep at night, would roll and toss in my bed and when I did get to sleep was disturbed by dreams and hobbings, would wake up with headaches and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks. I had indigestion, heartburn and palpitation of the heart, constipation, irregularity of the kidneys, etc."

"Indeed, I began to feel I had all the troubles that human flesh could suffer, but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea, it had such a hold on me and I refused to believe it the cause. I finally consented to try Postum and with the going of coffee and the coming of Postum all my troubles have gone and health has returned. I eat and sleep well now, nerves steadied down and I write a fair hand (as you can see), can attend to business again and rejoice that I am free from the monster Coffee."

Ten days trial of Postum in place of coffee will bring sound restful, refreshing sleep. "There's a Reason." Look in pkgs. for the famous little book, "The Road to Wellville." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

CHANGES PLAN.

Mombassa, British East Africa, April 20.—A cablegram has been received here from Theodore Roosevelt changing his original plan not to stay in Mombassa on his way to the ranch of Sir Alfred Pease on the Athi river. Roosevelt has accepted the invitation to a dinner extended by the Mombassa club and will stay two days on the coast before going up country.

Roosevelt will be accompanied on this journey by the governor of the protectorate. The natives are coming in to Mombassa from all parts of the country to witness the disembarkation of the "great white chief."

BIG TOBACCO SALES WILL BE HELD HERE TOMORROW.

A large sale of tobacco will be held at Bohmer's loose leaf warehouse tomorrow morning. For the last two weeks the weather has been dry and growers have been spending all their time plowing and putting in the crops, but the rain last night put a stop to this and today a lot of tobacco was brought to the city. Several wagons and hogsheds were brought in from the Cumberland river packets today.

Rider Trial Set For Wednesday.

Henning, Tenn., April 20.—Wednesday has been set as the day on which to give trial to the five men now in jail at Ripley charged with nightriding. The defendants have secured some very able attorneys to defend them.

The specific charge is the whipping of a negro and ordering him to leave the country, but the beginning of the trouble is said to have been some time back between white men over the hiring of this negro as a share-cropper.

There is a great deal of interest being taken in this case by the citizens, as it is the first arrest for nightriding made in this county.

Potato Crop Ruined.

Dickson, Tenn., April 20.—The truck gardeners of Dickson county report that the early Irish potato crop which was planted previous to the recent hard, cold rains, will, all of it, have to be planted over. The seed has in every case settled in the earth because of the excessive cold and wet conditions, and the crop in nearly every section is being replanted as rapidly as possible.

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take. It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Evans, of Alvarado, Va., Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 612 Caldwell Bldg., Monticello, Ill.

RUNNING RACE

WILL BE ANNOUNCED IN FEW DAYS.

Marathon Event Probably Will Be Witnessed at Wallace Park Grounds.

All the arrangements for the ten-mile running race between Hudnell, who is the champion long distance runner of Tennessee, and Carnes, of Evansville, also a runner of much fame, will be completed in a few days and the announcement will be made. The race probably will take place the first week of next month. Both the runners are in the city and they are daily warming up and will be in first-class condition for the ten-mile run. There seems to be a great deal of interest among the lovers of athletics in this city over the coming race.

ALDRICH WILL RETIRE WHEN PRESENT TERM IS OVER.

Board of Councilmen Favors Proposition and Orders Ordinance Prepared.

LIGHTING PLANT NEW STACK.

Last night's council meeting was quite short, from the time President Foreman called the board to order till the motion to adjourn was carried was only 20 minutes. All the members were present with the exception of Councilman McCarthy.

A petition signed by 41 property owners and residents of Broadway between Eleventh street and Fifteenth street, asked the board to bring in an ordinance, providing for the construction of concrete sidewalks with a combined curb and gutter was read, by Councilman Bower, chairman of the street committee. All the members were heartily in favor of granting the request, and on a motion of Councilman Bower the ordinance committee was instructed to bring in the ordinance, providing for the much needed improvement. There are concrete sidewalks from the river to Twenty-fifth street, save for these four blocks.

Councilman Lally read the report of the joint finance committee, recommending \$3,702.95 to be allowed for accounts and payroll for the first half of this month. The amount was allowed and ordered paid as recommended by the committee.

A communication from the board of public works, recommending that a contract be closed with James A. Jewell & Son, of Cincinnati, for the construction of a stack at the city light plant and a contract closed with the Babcock-Wilcox company, of Pittsburgh, for new boilers at the same plant, was put before the board by Councilman Lally. The cost to be \$4,100 for both contracts, \$3,000 has already been appropriated and the recommendation asked for another appropriation of \$1,100. The board of public works was instructed to close the contracts by a unanimous vote of the council board.

Present were Councilmen Foreman, Bower, Duvall, Hannin, Kreutzer, Lally, Mayer, VanMeter, Wanner Wilson and Young.

LIVESTOCK.

Louisville, Ky., April 20.—Cattle—Receipts 967; much lighter run than usual, yet the supply was in all instances equal to the requirements of the trade, as the demand was slack and the market generally slow from the beginning. Choice light butchers were the most popular kind, and sold steady to firm; medium and inferior butchers as well as heavy butcher steers were dull to shade off. The feeder and stocker trade was quiet and unchanged; common, trashy stockers dull. Bulls steady; canners and cutters slow. Milch cows unchanged. Heavy shipping cattle dull to shade lower. Pens fairly well cleared, but market finished slow. We quote: Shipping steers \$4.75 @ 6; beef steers and fat heifers \$3 @ 5.25; fat cows \$3 @ 6; cutters \$3 @ 3; canners \$1 @ 2; bulls \$2.25 @ 4.25; feeders \$3.50 @ 5; stockers \$2.25 @ 4.50; medium calves 4 @ 5; common to fair \$1.50 @ 3.5.

Calves—Receipts 97; market slow and lower; bulk of the best 6 @ 6 1/4 c some few fancy, higher; culs dull; medium calves 4 @ 5 1/2 c; common 2 1/2 @ 4 c.

Hogs—Receipts 2,977; market very slow and drab; no sales made until rather late; prices were steady; choice corn-fed hogs, 160 pounds and up, \$7.10; 130 to 160 pounds, \$6.70; pigs \$5.25 @ 5.75; roughs \$6 down. All hogs from every point had to be sold under guarantee, with a discount of 1 1/2 c per pound on all that kill soft or oily. This condition of affairs seems to have been brought about by hogs having been shipped from doubtful sections of the country, and rebilled from points where there was no mast and no question about the hogs killing satisfactory.

Sheep and Lambs—Receipts 531. Market slow; quality fair; best fat sheep 5 1/2 c down; fall lambs 6 1/2 c down; common sheep or common fall lambs very dull; spring lambs 7 @ 9c; not many coming and demand very light.

St. Louis, April 20.—Cattle—Receipts 4,000, including 1,000 Texans; native market 5 @ 10c lower; Texans steady to 10c lower; native beef steers \$2.50 @ 7.10; stockers and feeders \$4.50 @ 5.35; cows and heifers \$3.50 @ 6.25; calves \$5 @ 7.25; Texas and Indian steers \$4 @ 6.40; cows and heifers \$2.75 @ 5.25. Hogs—Receipts 5,500; market 5c higher; pigs and lights \$4.50 @ 5.25; packers \$6.95 @ 7.25; butchers and best heavy \$7.10 @ 7.30. Sheep—Receipts 5,500; market steady to shade lower; native muttons \$4.50 @ 6.50; lambs \$6.00 @ 8.15.

TOBACCO NEWS

Clarksville Tobacco. Clarksville, Tenn., April 20.—The tobacco market has not been active during the past week on account of dry weather which is unfavorable for making deliveries. The receipts in the open market were 495 hogheads and sales 23 hogheads. The market continues firm and unchanged with a good demand for all offerings. The buyers are now preparing to open the market for the new crop. Following are prices quoted for old tobacco. Trash \$5.00 @ 5.25; low lugs \$5.25 @ 5.50; common lugs \$5.50 @ 5.75; medium lugs \$6.00 @ 6.50; good lugs \$6.00 @ 6.75; low leaf \$6.00 @ 7.25; common leaf \$7.50 @ 8.25; medium leaf \$8.50 @ 9.50; good leaf \$10.00 @ 11.00.

Hopkinsville Tobacco.

other spell of dry weather caused a decided falling off in the offerings and receipts of loose tobacco last week. There was a strong demand for everything that was offered, and prices ruled high. The larger part of the crop that is to be marketed in the loose state has now been sold, and from now on the sales are not expected to be so heavy, although they are expected to continue for some time yet. Weather conditions will have much to do with the sales as the tobacco will depend largely upon whether or not the weather is suitable for handling it.

On the loose floors of R. E. Cooper & Co., J. P. Thompson & Co. and H. H. Abernathy the sales of the week amounted to 225,000 pounds. The quality of the offerings was uniformly better than has been noted for any week during the present season, and prices were firm and ranged from \$3.00 to \$6.00 for lugs and from \$6.00 to \$10.00 for leaf.

association sales at this point aggregated 48 hogheads of the new crop and 14 hogheads of the 1907 crop. On the new tobacco prices ranged from \$6.00 to \$9.50. Here also prices were firm, only two hogheads bringing less than \$6.50 and most of it being sold at from \$8.50 to \$9.50. Up to this time receipts of the new crop of tobacco amount to 1,550 hogheads. There are still about 400 hogheads of the old crop yet unsold at this place. Association leaders estimate that the organization will handle about 45,000 hogheads in the dark tobacco district out of the 1908 crop against 60,000 hogheads of the 1907 crop.

The present season has been a busy one for this market. It is estimated that 17,000,000 pounds of tobacco have been handled here, and that 75 per cent of the crop has been sold. Much of this tobacco came from outside territory, the popularity of the market having been greatly extended this season. Of the amount

sold it is estimated that 5,000,000 pounds were bought by independent buyers, 3,000,000 pounds were sold on the loose floors, 3,000,000 pounds were sold in association pools and 3,000,000 pounds were prized and handled in that form by the association. Prices opened high, and instead of decreasing as was freely predicted, the values showed a decided upward tendency for nearly the entire time and as the close of the busy season approaches prices are very firm and the demand sufficient for all offerings.

A Question of Tea.

Senator Stone appears to have landed Senator Guggenheim with both feet, which were not, at the time, incased in gum shoes. Guggenheim was arguing that tea is not a rich man's drink. "Why," said he, "all the servant girl at my house drink it." This seemed conclusive until Senator Stone, asked: "And who buys the tea?" Senator

Guggenheim's face got red and he was compelled to admit that he did.—St. Louis Times.

(Continued From Last Issue.)

Her warmth and unaffected frankness suffused him as she stood out, turning to show the beauties of her gown, her brown hands fluttering tremulously as she talked.

"It's my first party dress, you know, and I'm as proud of it as Molly is of her rubber boots. It's too big in here and too small right there. That girl must have had a bad chest. But otherwise it fits me as if it had been made for me, doesn't it? And the shoes—aren't they the dearest things? See!" She held her skirts back, showing her two feet side by side, her dainty ankles slim and shapely in their silk.

"They don't wear as well as moccasins." Both laughed delightedly till he broke in impulsively:

"Oh, girl, don't you know how beautiful you are?"

"Of course I do," she cried, imitating his change of voice, then added naively, "That's why I hate to take it off."

"Where did you learn to wear things like that?" he questioned. "Where did you get that—well, that air?"

"It seems to me I've always known. There's nothing strange about it. The buttons and the hooks and the eyes are all where they belong. It's instinct, I suppose, from father's side."

"Probably. I dare say I should understand the mechanism of a dress suit, even if I'd never seen one," said the man, amused, yet impressed by her argument.

"I've always had visions of women dressed in this kind of clothing, white women, never natives, not dressed like this exactly, but in dainty, soft things, not at all like the ones I wear. I seem to have a memory, although it's hardly that either; it's more like a dream, as if I were somebody else. Father says it is from reading too much."

"A memory of what?"

"It's too vague and tantalizing to tell what it is, except that I should be called Merridy."

"Merridy? Why that?"

"I'll show you. See?" She slipped her hand inside the shawl and drew from her breast a thin gold chain on which was strung a band ring. "It was grandmother's. That's where I got the fancy for the name of Merridy, I suppose."

"May I look?"

"Of course. But I daren't take it off. I haven't had it off my neck since I was a baby." She held it out for him to examine, and, although it brought his head close to hers, there was no trace of coquetry in the invitation. He read the inscription, "From Dan to Merridy," but had no realization of what it meant, for he glimpsed the milk white flesh almost at his lips and felt her breath stirring his hair, while the delicate scent of her person seemed to loose every strong emotion in him. She was so dainty and yet so virile, so innocent and yet so wise, so cold and yet so pulsating.

"It is very pretty," he said faintly.

At the look in his eyes as he raised his head he own widened, and she withdrew from him imperceptibly, dismissing him with a mere inclination.

"I wish you would send Polson here. It's time he saw his present."

As Burrell walked out into the air he shut his jaws grimly and muttered: "Hold tight, young man. She's not your kind—she's not your kind."

Inside the store he found Doret and the trader in conversation with a man he had not met before, a ragged nondescript whose overalls were blue and faded and patched, particularly on the front of the legs above the knees, where a shovel handle wears hardest; whose coat was of yellow mackinaw, the sleeves worn thin below the elbows, where they had rubbed against his legs in his work. As the soldier entered the man turned on him a small, shrewd, weather beaten face with one eye while he went on talking to Gale.

"It ain't nothin' to get excited over, but it's worth follerin'. If I wasn't so cussed unlucky I'd know there was a pay streak som'ere close by."

"Your luck is bound to change, Lee," said the trader, who helped him to roll up a pack of provisions.

"Is this your first marriage, Mr. Gale?" When the other did not answer he looked up and quickly added: "I beg your pardon, sir. What led me to ask was Miss Necla. She is so well, she is such a remarkable girl."

Gale's face had undergone a change, but he answered quietly:

"I ain't never been married."

"What?"

"When I took Alluna it wasn't the style, and neither one of us has thought much about it since."

"Oh, I see," exclaimed Burrell hurriedly. "I'll bring that list with me the first time I think about it." And, nodding amiably, he sauntered out. But his mind was in a whirl, and even after he had reached his quarters he found himself repeating:

"The other was bad enough. Poor little girl! Poor little girl!"

Gale likewise left the store and went into his house, the odd look still strong in his eyes, to find Necla posing in her new regalia for Polson's benefit. At sight of her he fell into a strange and unexpected humor and to their amazement commanded her roughly to take the things off. His voice and manner were harsh and at utter variance with any mood he had ever displayed before.

TAFT WITNESSES BASEBALL GAME

Chief Executive Saw Washington Defeated.

Sherman Also Present—The Two Shared Bag of Peanuts, and Vice-President Kept Score.

TAFT HOPES HE'S NOT 'HOODOO'

Washington, April 20.—President Taft attended a baseball game between the Washington and Boston American league teams. It was the first time in years that the president has attended a major league contest.

Taft and party who occupied a box in the main section of the grand stand, was initiated into the mysteries of the "split ball," shared a five cent bag of peanuts with Vice-President Sherman who sat in the box next to him, and wished for Washington to win, and said sadly that he hoped he wasn't a "hoodoo."

Taft arrived at the game at the beginning of the second inning. The game was interrupted by cheering which spread in a great wave from the grand stand to the farthest corners of the bleachers as the crowd quickly recognized the president and saw him greet the vice-president. The latter, a "dyed-in-the-wool fan" had gone directly to the grounds from the senate chamber.

Sherman kept a detailed score of the game, supplying the president with such statistical information as he asked for every now and then, and caused some one in the party to remark that if he ever lost the job of vice-president he might get a place on Ban Johnson's scoring staff.

Washington, April 20.—Alaska is no longer the place where the pork barrel waxeth fat and the politician fatteth with age.

The territory to the far north where the sun shines all night during the winter and the mail is carried over trails of ice and snow has ceased to be the Mecca for the politician who "rendered distinguished services for the party" in the states and who took out his reward by being sent to Alaska to get what he could and work whom he could.

At last, Alaska is to have a real American government—for the benefit of the governed. This has come about since Richard A. Ballinger has been appointed secretary of the interior under President Taft. Not that President Roosevelt and Secretary Garfield knowingly allowed graft in the frozen territory, but neither of them understood the problems of government in that country—and then Roosevelt, who was a great man for rewarding his political friends, sent a great many of them to Alaska. Many of them did not know what to do when they got there and this was as bad for the people of that section as deliberate misgovernment.

Secretary Ballinger is from Seattle, which is the first American port Alaskans hit after they leave that country. And every one in Seattle knows something about Alaska. Then too, Secretary Ballinger has been to Alaska and has come into intimate contact with her needs, and he intends to see that she gets some of the benefits of this knowledge.

One of the first things he did when he was inducted into office was to issue a general order that governors of territories were to stay at home and attend to their duties instead of spending the winters in Washington playing politics and

duty, and I'll have to do it," continued the young man.

"I reckon you simply aim to keep peace, eh? You ain't looking for no peace in particular?"

"Of course not—outside of certain notorious criminals who have escaped justice and worked north."

"Then there are a few that you want, eh?"

"Yes, certain old timers. The officers at every post have descriptions of a few such, and if they show up we will take them in and hold them till courts are established."

"If you've got their names and descriptions maybe I could help you," said the trader carelessly.

"Thank you. I'll bring up the list, and we'll go over it together. You must have been here a good while."

"About ten years."

"Then Miss Necla was born out in the States?"

Gale shot a startled glance at the soldier before he answered in the affirmative, but Burrell was studying a pattern of sunlight on the floor and did not observe him. A moment later he inquired hesitatingly:

"Is this your first marriage, Mr. Gale?" When the other did not answer he looked up and quickly added:

"I beg your pardon, sir. What led me to ask was Miss Necla. She is so well, she is such a remarkable girl."

What Stove for Summer?

Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do the "New Perfection" will do, and do it better. Bakes, roasts, boils, toasts; heats the wash water and the sad irons and does it without dissipating its heat through the room to your discomfort. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

differs from other oil stoves in its strong, handsome, useful CABINET TOP with shelf for warming plates and keeping food hot. Also has drop shelves on which to rest coffee pot and teapot, and is equipped with bars for towels. A stove of convenience, comfort, safety and economy. Made in three sizes. Sold with or without Cabinet Top. If not at your dealer's, write our nearest agency.

The **Rayo LAMP** affords a mellow light that is very grateful to tired eyes—a perfect student or family lamp. Brass, nickel plated, hence more durable than other lamps. If not with your dealer, write our nearest agency.

looking out for their friends. Governors of Alaska have made Washington their winter home for years. Washington is much warmer than Alaska, and it's pleasanter to live here. But the present visit of Governor Hoggatt to Washington will be his last unless he comes on emergency business or is summoned.

The next thing that Secretary Ballinger did was to give notice that all applicants for positions in Alaska must expect to work and not to graft and must be practical business men.

When this announcement was made, a score of politicians who had tried everything else and were hoping to get an Alaskan appointment, gave up in disgust and went home.

Orders have been issued that every one who is given the position of township trustee, for instance, must work at the job as though it were any other business trust. The pay for this office is \$10 a day, and it has been the custom for trustees to work five or ten minutes a day and then put in a bill for a whole day's work. This must stop. Bills for days, the whole of which was not actually spent in work—and real work at that—will not be honored.

The Tungsten Light.

Turner D. Bottoms, of Harrison, N. J., filed patents on tungsten electric lamps as early as 1887, thus proving that the credit for the discovery of the new tungsten lamp, which has revolutionized electric lighting, belongs to America and not to Germany.

A PROMINENT DRUGGIST

Stakes His Reputation On the Merits of a Hair Restorer.

Mr. W. J. Gilbert, a well-known druggist of this place, personally guarantees that Wyeth's Sage and Sulphur Hair Restorer will positively bring back the color of the hair, and that it will also remove dandruff, stop the hair from coming out and make it grow. A druggist must know what he is talking about before he will, on his own responsibility, say this much for a remedy, and a remedy so highly indorsed certainly deserves to be given a fair trial.

Probably there is not one out of a hundred people that has such a head of hair as Nature intended they should have, and such as they might have if they would only use something which would keep their scalps free from dandruff and cure itching scalp, falling hair and other troubles of the sort.

Mr. W. J. Gilbert says Wyeth's Sage and Sulphur Hair Restorer will do all this and also restore the natural color of the hair. It would seem that with his knowledge of drug chemistry, his judgment in the matter might be relied on. At any rate, with his guarantee that the remedy will do all that is claimed for it and that he will refund the money if it doesn't, a person takes no risk in trying one of the 50c or \$1.00 bottles which may be had at W. J. Gilbert's Paducah, Ky.

number of passengers out of this port. The Cumberland river packets will be in port again next Saturday. Steamer Joe Fowler will be the Evansville packet tomorrow morning.

The Margaret will be due in port tomorrow from Evansville with a tow of several barges of ties for the Ayr-Lord Tie company.

Steamer Dick Fowler will make an excursion trip up the Cumberland to Silver Cliff next Sunday afternoon. Captain A. W. Wright, of the Clyde arrived today from Beechwood, Md., and will take charge of the steamer in the morning. Mrs. Wright accompanied him.

STOP WHEAT CORNERS.

Bill Will Be Introduced in Illinois Legislature This Week.

Chicago, April 20.—James A. Patton's reputed corner in wheat may be the last that Chicago will ever know. It will be the last if the legislature shall pass a bill that is to be introduced at Springfield this week. The end and aim of the forthcoming bill will be to make dealings in future of wheat and other breadstuffs and staples both unlawful and impossible.

The bill to put an end to gambling in food products is now being prepared. It will be ready for introduction in the house when that body convenes next Wednesday. And it will be a measure that will effectively prevent in the future such manipulations of wheat prices for private gain as will raise the price to a point where many people must go hungry.

ROBBERS WRECK BANK.

Caught in Another Town, but Escape From Officer.

Havana, Kan., April 20.—After wrecking a bank with dynamite here early today and securing \$2,300 from the vault, two robbers escaped on a hand car under heavy fire from the awakened residents. Later they boarded a freight train on which they rode to Bartlesville, Oklahoma.

Here they were arrested by Robert Morton, watchman, who did not know their desperate character. He started to jail with his prisoners, but before arriving there they overpowered him and escaped.

IN METROPOLIS

James Burden and family have returned from California, where they have resided for some time.

Uncle Ivy Casey has gone to Fredericktown, Mo., to reside. He is aged, almost helpless, and says his health is better there.

Ernest Eshardt went to Golconda this week and organized a Ben Hur lodge.

W. A. Kluge visited in Golconda this week.

Fred Fisher and Amon Bridges have opened a three chair barber shop in the Fritts building.

The Misses Nellie and Hattie Mann are visiting relatives at Aux Vasse, Mo., this week.

Boner Lenard and Lord Helm have returned to the University of Illinois. Alderman Ed Wilson has been attending to business connected with his ice factory out of town this week.

Clarence Virgin is critically ill from throat trouble and not expected to live.

WOMAN TO FLY IN JUNE.

Miss E. L. Todd Will Drive Her New Aeroplane.

New York, April 20.—Miss E. L. Todd has announced that her aeroplane will be ready for flight in June. Miss Todd is building her machine for one passenger, and expects to drive it herself.

Like the aeroplane of the Wright brothers, her machine has two planes and is propelled by a gasoline engine. The two propellers revolve simultaneously in opposite directions. She estimates the machine will acquire a maximum speed of forty miles an hour.

Mrs. Cummings Elected.

Washington, April 20.—Mrs. Albert J. Cummings, wife of Senator Cummings of Iowa, was today elected president of the national Society of the Children of the American Revolution, succeeding Mrs. Frederick T. Dubois, of Idaho. Reports from state officers indicate a steady growth in the membership of the society.

Women should remember that men can't be convinced by scolding.

COLLEGE GETS DONATION.

Chicagoan Increases Donations to Kentucky College to \$175,000.

Lexington, Ky., April 20.—President William G. Foster of Berea college, at Berea, Ky., received a letter from Dr. D. K. Pearson, a Chicago philanthropist, announcing that he had donated \$25,000 for a boys' dormitory at the college.

The new building will be erected during the summer by student labor and will be ready for use in September. This is the third liberal donation made to the school by Dr. Pearson, his first being \$100,000, some years ago, for extension work, another, the second, \$50,000 for a waterworks plant.

Census Appropriation.

Washington, April 20.—The appropriation bill to provide funds for taking the thirteenth decennial census and other purposes, was introduced today by Representative Tawney, of Minnesota. The item for taking the census makes the amount \$10,000,000 and is available until July 1, 1912, only.

If a druggist isn't given a golden harp and crown when he dies, will he be satisfied with "something just as good?"

Was in Jackson

Jackson, Tenn., April 20.—The police department are of the opinion that James Estes, Jr., of Paducah, Ky., fifteen years old, who was kidnapped from his home at that place was in the city for several days last week with three men who were supposed to have been painters. The first of the week three men arrived in the city and a boy was with them. One of the men worked for a couple of days but the others did not. When they left the city some time Saturday they did not pay their board bill and the matter was then turned over to the police. After the men's actions in this matter their records were looked into and the police became suspicious that the boy with them was

the one wanted. He telephoned a close description of the boy to Paducah and the officers say that it answers Estes' perfectly.

MR. GEORGE L. CARPENTER GRADUATES IN MEDICINE

Dr. and Mrs. J. T. Reddick received an announcement this morning of the graduation of Mr. George L. Carpenter from the medical department of the University of Georgia at Augusta. Mr. Carpenter is the president of the class and is a bright young man. He is the eldest son of the Rev. J. Howard Carpenter, who was for a number of years, pastor of the First Baptist church in this city.

STUTZ'S COLUMBIA

Big Mail Order House.

Chicago claims the distinction of being the mail order center of the universe, and some recent figures from the postoffice there would seem to establish the right to the honor. One of the biggest mail order houses recently broke all postal records by mailing 6,000,000 catalogues, each weighing two ounces—the whole weighing 450 tons. The sacks holding the catalogues weighed sixty-five tons. If these pamphlets had been sent on one train thirty cars would have been filled.

Rondelet.

Heigho! the marble stair,
Whereon my lady once did sit,
Heigho! the marble stair,
For, oh, I sat beside her there
And told my love tale bit by bit
To get, alas, the icy mitt.
Heigho! the marble stair!
—A. Williams in Smart Set.

The trustful telephone takes anybody's word, after the coin has dropped.

COMMERCE WITH THE POSSESSIONS

Approximates Hundred and Fifty Million Dollars.

Alaska, Hawaii, Porto Rico, Philippines, Guam and Tutuila

BUSINESS OF FISCAL YEAR

Washington, April 20.—Trade between the United States and its non-contiguous territories will aggregate approximately 150 million dollars in the fiscal year which ends with June next, against approximately 70 million in 1899, a decade earlier. For the eight months for which the bureau of statistics of the department of commerce and labor has complete figures the shipments of merchandise from the United States to its non-contiguous territories—Alaska, Hawaii, Porto Rico, Philippine Islands, Guam, Midway Islands, and Tutuila—amounted to 43½ million dollars, and the shipments of merchandise from those territories to the United States amounted to 52½ million dollars. These figures relate only to merchandise. The value of the native gold shipped from Alaska to the United States in the period in question was 16½ million dollars or more than twice the purchase price of Alaska.

The shipments of merchandise from the non-contiguous territories to the United States for the eight months ending with February, 1909 (52½ million dollars), show an increase of about 2 million dollars over the corresponding period of 1908, and 5½ million dollars over the corresponding period of 1907. The merchandise shipped from the United States to the non-contiguous territories in the same period (43½ million dollars) shows a decrease of about a half million dollars as compared with the corresponding months of 1908, but an increase of about three-quarters of a million dollars as compared with the corresponding months of 1907.

This slight decrease in the shipments to the non-contiguous territories in 1909, as compared with 1908, is due in part at least to the fall in prices of certain classes of articles sent to those territories. Prices of many manufactures have ranged somewhat lower in the eight months ending with February, 1909, than those of the corresponding periods of 1908 and 1907, and as a consequence this fall in prices has given a lower total of values even in cases where the quantity shipped was greater. In manufactures of iron and steel, which form an important item in the shipments to Alaska, prices are less than those of 1908 and 1907; in cotton manufactures, which form an important item in the shipments to Porto Rico, Hawaii, and the Philippines, prices are less than those of the immediately preceding years.

To Alaska.

The value of merchandise shipped from the United States to Alaska during the period in question was \$9,430,452, against \$10,694,364 in the corresponding months of the immediately preceding year. The value of the merchandise shipped from Alaska to the United States in the same period was \$12,165,533, against \$10,472,747 in the corresponding months of the preceding year. The principal articles form-

ing the 9½ million dollars' worth of merchandise sent to Alaska in the period under consideration were: iron and steel manufactures, \$1,162,764, against \$1,974,269 in the corresponding months of the preceding year; meat and dairy products, \$1,508,206, against \$1,434,448 in the same months of last year; breadstuffs, 437,266; manufactures of wool, \$458,548; manufactures of cotton, \$351,553; fruits and nuts, \$316,158; leather and manufactures thereof, \$225,608; mineral oils, \$270,725; spirits, wines and liquors, \$504,153; vegetables, \$372,952; and wood and manufactures thereof, \$438,966. The 12 million dollars' worth of merchandise shipped from Alaska to the United States included: Canned salmon, \$9,659,799; fish, other than salmon, \$669,109; copper ore, \$405,008; furs and fur skins, \$435,414; and whalebone, \$188,942. Of the 12 million dollars' worth of merchandise coming from Alaska, \$5,567,535 entered at the port of San Francisco, \$5,065,312 at Seattle, and \$559,573 at Tacoma. Of the merchandise sent to Alaska, \$8,774,328 went out through the customs district of Puget Sound, and \$507,482 went out through San Francisco.

Hawaii.

Of the \$11,480,149 worth of merchandise sent to the Hawaiian Islands in the eight months under consideration, breadstuffs amounted to \$1,240,588, against \$1,070,374 in the corresponding months of the preceding year; cotton manufactures, \$1,119,777, against \$884,435 in the corresponding months of the preceding year; iron and steel manufactures, \$1,653,670, against \$1,256,209 in the same months of the preceding year; meat and dairy products, \$486,720; mineral oil, \$842,153; spirits, wines, and liquors, \$377,605; and wood and manufactures thereof, \$650,860. Of this total, 7¼ million dollars' worth went out of San Francisco, a little over 1¼ million dollars' worth out of Puget Sound, and nearly 2 million dollars' worth out of New York. Of the \$22,647,780 worth shipped from the Hawaiian Islands to the United States, sugar amounted to \$20,937,649, against \$19,819,428 in the same months of last year; canned fruits, \$728,323, against \$572,420 in the same months of last year; fruits, green, ripe, or dried, \$149,246, against \$102,302 in the same months of last year; coffee, \$129,999, against \$49,961 in the same months of last year; rice, \$174,390; and wood and manufactures thereof, \$55,169. Of this 22¼ million dollars' worth of merchandise sent from the Hawaiian Islands, about 10 millions went to San Francisco and about 12 millions to New York and Philadelphia, chiefly the former.

Porto Rico.

Of the \$15,827,939 worth of merchandise sent to Porto Rico, breadstuffs amounted to \$1,299,659, against \$1,182,863 in the same months of last year; cotton manufactures to \$2,594,178, against \$1,800,378 in the same months of last year; manufactures of iron and steel, \$2,015,061, against \$2,908,130 in the same months of the preceding year; meat and dairy products, \$1,633,094, against \$1,598,539 in the corresponding months of last year; rice, \$2,214,166, against \$2,195,515 in the same months of the preceding year; wood and manufactures thereof, \$805,230; vegetables, \$316,806; spirits, wines and liquors, \$172,477; and mineral oil, \$222,986. The \$10,750,657 worth of merchandise sent from Porto Rico to the United States in the period under consideration included: Sugar, \$5,643,576, against \$6,764,235 in the corresponding months of last year; cigars, \$2,950,827, against \$2,195,184 in the corresponding months of last year; leaf tobacco, \$296,640. The fire loss per capita in this country last year was over \$3.50.

In Europe it was only 37 cents.

We have ten times as many fires as they have in many of European cities, hence it should need little argument to convince you of the necessity of insurance.

STUBBS OF KANSAS.

Rich in Money, Poor in Grammar, But Knows How to Get Worth of a Dollar.

Kansas just now has a governor of Quaker ancestry and a member of the Society of Friends who is making a record in spite of the unpoetic name of Stubbs, which he bears. Stubbs made a fortune as a railway contractor and he knows what a dollar will do as well as any man living. He is insisting on getting a dollar's worth for every 100 cents of the public money expended. His language is not up to the samples given by the Lindley Murray, but he gets there just the same. He tells the legislature what it ought to do and it does it promptly. He has started out to make Kansas a better state, and is succeeding admirably—so far. He is inducing the people to plant trees, obey the law, run politics on a clean basis and, in the words of William Allen White, "raise less hell and more corn."

Mr. Stubbs entered politics as a conservative and claims to be one now, but he is stirring up Kansas in a way that has been unknown since the "bleeding" time. Wherever you find a Pennsylvania or a man of Pennsylvania ancestry in office you are certain to find a man of ability and common sense. Nebraska will please take notice.—Philadelphia Inquirer.

The above property tax list for 1908 having been returned to the auditor as delinquent, will be offered or sale at the City Hall door on Monday, May 3, 1909, at 10 o'clock a. m., by the City Treasurer, unless paid to him before that date.

ALEX KIRKLAND,
City Auditor.

Paducah, Ky., April 15, 1909.

NOTICE.

I urgently request all persons indebted to me to make settlement before the first day of May, 1909, as I will after that date bring suit on every unpaid note and account due me. Now your account is to each of you a small matter, while the whole is to me very important. I shall deal with all alike; if you don't pay you may know that you will be sued, whatever your name or color may be I hate to do this, but I am forced to it in self-defense. If you have not the money and will borrow it to pay me in full by the first day of March, 1909, I will deduct 10 per cent from your account, thereby paying the interest myself. Is this not as fair as any sane man can ask?

How Olive Trees Grow.

Attention is sometimes called to a remarkable and curious characteristic of the olive tree. After many years of growth the different large branches of the trees separate gradually from one another down into the roof. These then slowly move apart, and in some instances six or seven distinct trees stand in the area which before surrounded the main tree, and they will sometimes be as much as twenty feet apart.—Consular Reports.

"What is your rate for marriages?" asked the Chicago man.

"Well, how many do you expect to have?" was the minister's question.—Yonkers Statesman.

Weak Over-worked Women

Who are broken down and made invalids by the drudgery of never ending household cares and duties, or by over-frequent bearing and nursing of children, and many other cares, burdens and strains which the weaker sex have to bear, are deserving of profound sympathy. But while sympathy is commendable what these unfortunate women most need is a good, honest, square-deal Restorative Tonic and Strength-giving Nerve and Regulator—one compounded and carefully adapted to act in harmony with woman's peculiar, delicate, ever sensitive organization.

Who so well fitted to select, carefully proportion the ingredients and compound a remedy for the cure of these distressing and often pain-wracking weaknesses and derangements, as the carefully and thoroughly educated and regularly graduated physician who has had a long and successful experience in treating just this class of cases.

Dr. Pierce's Favorite Prescription

THIS MEDICINE IS

THE ONE REMEDY Now, and for over 40 years, sold by druggists for Woman's Peculiar Weaknesses, and Distressing Ailments, gotten up by one having all of the above qualifications.

THE ONE REMEDY which absolutely contains neither alcohol (which to most Women is rank poison) nor injurious or habit-forming drugs.

THE ONE REMEDY which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

In all the above most important particulars, the "Favorite Prescription" stands absolutely alone—in a class all by itself—as woman's most reliable and trust-worthy remedy in time of sickness and distress. It is a pure glyceric extract made from American curative roots, found by long time experience most valuable in curing woman's weaknesses and derangements. The leaders in all schools of medical practice have endorsed each of its ingredients as of the best known remedies for the complicated affections for which it is recommended. These professional endorsements should count for far more than any number of lay testimonials. A booklet full of them sent free on receipt of name and address.
